**Code No. 44**

**EFFECTIVE IN:** All areas served retail by the Company.

**AVAILABILITY:** Available, upon application, to customers other than municipalities and municipal trusts in all territory served by retail distribution lines of the Company.

**APPLICABILITY:** Applicable only to outdoor lighting by ballast operated vapor lamp fixtures and poles conforming to Company specifications. Service shall be rendered only at locations which, solely in the opinion of the Company, are readily accessible for installation and maintenance.

**PRICES:** Each price contains 2.90¢ per kWh of embedded fuel cost.

**A. BASE CHARGE:** The monthly rate for each lighting unit installed on an existing pole and using existing secondary circuits is as follows:

Lamp Size in Lumens	Rated Watts	Light Source	Price on Existing Distribution Wood Pole (\$ per Month)	Monthly kWh for Fuel Cost Adjustment
2,500	202	Filament*	6.75	71
3,600	100	Mercury Vapor*	5.50	41
4,000	50	High Pressure Sodium	5.00	21
7,000	175	Mercury Vapor*	7.80	71
9,500	100	High Pressure Sodium	6.10	41
9,500	100	High Pressure Sodium – Directional	7.10	41
11,500	250	Mercury Vapor*	11.00	103
14,000	175	Metal Halide - Directional	13.45	71
14,000	175	Metal Halide	10.50	71
15,500	150	High Pressure Sodium	8.40	71
20,000	400	Mercury Vapor*	14.60	161
21,000	250	Metal Halide	14.55	105

STANDARD PRICING SCHEDULE: OSL  
OUTDOOR SECURITY LIGHTING

STATE OF OKLAHOMA  
Code No. 44

<u>Standard Pole</u> <u>Other Than Wood</u>	<u>Overhead Wiring</u>
15 - 19 foot	\$ 7.15
20 - 24 foot	7.80
25 - 27 foot	9.90
28 - 32 foot	10.80
33 - 37 foot	14.70
38 - 42 foot	18.80
43 - 47 foot	23.10

Overhead wiring is considered a span of 150 feet or less.

Underground wiring will be available at the above rate plus \$3.60 per month where the amount of required buried cable does not exceed, on the average, 150 feet per pole. An amount payable in advance and without right of refund shall be charged equal to the average installed cost per foot of buried cable times the footage in excess of 150 feet per pole.

If a hand-set pole is required due to the inaccessibility of the pole location, an additional charge of \$369.00 will be required. This additional charge will only cover labor items, not material. If any additional trenching is required, due to the hand-set pole, the price will be \$3.00 per foot plus applicable material charges. These charges shall be paid to the Company in advance of construction and without the right of refund.

**C. ORNAMENTAL TYPE LIGHTING FIXTURES:** The following standard ornamental or decorative type of lighting fixtures with underground wiring are offered by the Company to supply lighting for specific applications:

	<u>Rated Watts</u>	<u>Monthly Rate</u>	<u>Monthly kWh for Fuel Cost Adjustment</u>
9,500 lumen high pressure sodium contemporary post top luminaire on a 12-19 foot steel pole	100	\$19.63	41
25,000 lumen high pressure sodium contemporary post top luminaries on a 24 foot steel pole	250	\$27.57	107

Where the amount of required buried cable exceeds an average of 150 feet per fixture, an amount equal to the average installed cost per foot of buried cable times the footage in excess of 150 feet per fixture shall be paid to the Company in advance of construction and without the right of refund.

Original Sheet No. 27.34  
Date Issued July 24, 2009

**STANDARD PRICING SCHEDULE: OSL**  
**OUTDOOR SECURITY LIGHTING**

**STATE OF OKLAHOMA**  
**Code No. 44**

**ADDITIONAL FACILITIES:** If additional facilities other than listed above are required, the customer shall pay an additional monthly charge equal to 1.5 percent of the installed cost of such additional facilities.

Where an underground system is installed, and paving or other obstructions, such as rock, etc., exist, the customer shall be required to perform all trenching, install duct furnished by the Company, backfill, and replace the paving to the satisfaction of all parties concerned or pay an amount equal to this additional cost of construction to the Company in advance and without right of refund. In lieu of such payment in advance and subject to approval by the Company, the customer may elect to pay to the Company a monthly charge equal to 1.5 percent of the additional cost of construction.

**SPECIAL OR NON-STANDARD FACILITIES:** Whenever the customer requests the Company to install special or non-standard facilities hereunder and there is no engineering, construction, safety, legal or practical reason which would, in the Company's judgment, make such installation inadvisable, the Company will make such installations provided the customer pays to the Company, in advance and without right of refund, an amount equal to the difference between the installed cost of the special or non-standard facilities and the installed cost of comparable standard facilities. The monthly rate shall be as stated above for the comparable standard facilities.

In lieu of such lump sum payment in advance and subject to approval by the Company, the customer may elect to pay to the Company a monthly charge equal to 1.5 percent of the additional difference between the installed costs as stated above.

A standard fixture shall mean those fixtures approved and shown in OG&E Construction Standards, Volume No. I.

**LATE PAYMENT CHARGE:** A late payment charge in an amount equal to 1.5 percent of the total balance for services and charges remaining unpaid on the due date stated on the bill shall be added to the amount due. The due date as stated on the bill shall be 20 days after the bill is issued.

**FRANCHISE PAYMENT:** The above stated rates do not include any amount for franchise payments levied upon the Company by a municipality.

When a municipality, by a franchise or other ordinance approved by the qualified electors of the municipality, levies or imposes upon the Company franchise payments or fees (based upon a percent of gross revenues) to be paid by the Company to the municipality, such franchise payment will be added as a percentage of charges for electric service to the bills of all customers receiving service from the Company within the corporate limits of the municipality exacting said payment.

**Code No. 44**

- 1) The customer shall furnish to the Company, without cost to the Company and on forms suitable to it, all rights, permits and easements necessary to permit the installation and maintenance of the Company's facilities on private property where and as needed by the Company in providing service hereunder.
- 2) The facilities furnished by the Company shall remain the property of the Company.
- 3) The facilities for lighting hereunder shall be installed at a mutually agreeable location on the customer's premises. The location shall be accessible to Company trucks when the length of the support bracket exceeds four feet, the luminaries exceeds 11,500 lumens or the pole is of such type or material which will not permit the use of lineman's climbers.
- 4) In any case which would necessitate an excessive expenditure for a long extension or special facilities, the Company may require a guarantee of revenue or a prepayment sufficient to justify the necessary expenditure.

**BURNING SCHEDULE:** The standard schedule shall be for dusk-to-dawn service and shall include approximately 4,200 hours of service per year. The Company will use reasonable care to maintain such service, but the Company will not be obligated to patrol to determine required lamp replacement or other maintenance of the facilities used for service under this schedule. Upon notification of any outage or required maintenance of such facilities, the Company shall be allowed a reasonable length of time to restore normal service during regular working hours.

**RIDERS:** All applicable riders apply. Please refer to the Applicability section of individual Riders to determine if it is relevant to this Pricing Schedule.

**TERM:** The customer shall contract for service on the standard contract form for a period of not less than three years.
