**STANDARD PRICING SCHEDULE: R-VPP PILOT** **STATE OF OKLAHOMA**  
**RESIDENTIAL VARIABLE PEAK PRICING PILOT PROGRAM** **Code No. 13V**

**SERVICE TERRITORY**

Service under this tariff is available in all territories served by OG&E Electric Services (Company), which are within the Oklahoma Corporation Commission's (Commission) jurisdiction.

**AVAILABILITY**

This pilot program is being implemented as an optional tariff and is available only to those customers for whom OG&E has installed the applicable technology equipment required for this tariff. Customers with the appropriate equipment will be notified of the availability of the Rate. Initially, this tariff will be limited to the number of customers that the Company determines it can effectively administer under the constraints of Company's administrative capabilities.

The Company's Rules, Regulations, and Conditions of Service and the Commission's Rules and Regulations apply to service provided under this tariff. This tariff is not available for resale, stand-by, breakdown, or auxiliary service.

**SERVICE TYPE**

The Company will provide single or three phase service delivered at approximately 60 hertz. The Company shall determine the appropriate voltage(s) for delivery to the customers' premises.

**SERVICE TERMINATION**

The initial subscription term is for one year. After the first year under this tariff, a customer may cancel service under this tariff and return to the Residential standard tariff schedule or Residential Time-of-Use tariff upon giving 30 days notice to the Company. If the thirtieth day of the notice period does not fall on the last day of the billing month, service will continue under this schedule through the next billing period. A customer who withdraws from the program prior to the end of the 12-month subscription period will be required to pay any positive difference between their RS-VPP bill and their actual usage billed on their previous tariff.

If a customer terminates service under this tariff, the customer will not be eligible to receive service under this tariff for a period of twelve (12) revenue months from the termination date.
