PERFORMANCE AWARD FOR CURTAILED ENERGY RIDER

THIS RIDER EXPIRES MARCH 31, 2010.

PL-TOU PACE-1 CODE NO. 28
LPL-TOU PACE-1 CODE NO. 29

This is a rider to the Power and Light Time-of-Use (PL-TOU) and Large Power and Light Time-of-Use (LPL-TOU) standard rate schedules. All provisions of those standard rate schedules apply, except as otherwise amended by this rider. The Company, at its sole discretion, may call for curtailment for any operating or economic purpose. The use is not limited to emergency conditions.

AVAILABILITY: This rider is voluntary and available upon application by the customer and acceptance by the Company to all customers served under the PL-TOU and LPL-TOU standard rate schedules with a demonstrated annual peak demand of 200 KW and above, and have interval-recording meters. Customers choosing this rider are not concurrently eligible for the Curtailment Rider (CR-1), the Interruptible Rider (IR-1), or the Real-Time Pricing (RTP) tariffs. This rider shall not apply if a service interruption resulting from system-emergency operating conditions should occur. No resale, breakdown, auxiliary or supplementary service permitted, without approval from the Company.

DETERMINATION OF PACE PAYMENT: The PACE Payment will be based upon the number of kilowatt-hours (kWh) that the customer made available to the Company. The Curtailment Price will be supplied (stated as cents per kWh) by the Company to the customer at the time of notification. The customer will receive a check from the Company for their curtailment response within 45 days. In the event that more than one curtailment event should occur within a billing cycle the customer will receive one check reflecting all curtailment responses within that billing cycle.

DETERMINATION OF PACE CURTAILMENT: The PACE Curtailment kWh's will be based on the customer's consumption during the curtailment events measured by the Company's recording devices/meters. The level of curtailment will be (a minimum level of response will be required) based on the average kWh's in the previous five work days excluding Saturday, Sunday, previous curtailment periods and the following Company observed holidays: New Years Day, Martin Luther King Day, Presidents Day, Memorial Day, Independence Day, Labor Day, Veterans' Day, Thanksgiving (Thursday and Friday), and Christmas (including Christmas Eve Day).

MINIMUM LEVEL OF CURTAILMENT: The customer must have a minimum of 10% reduction in kWh's from the average total kWh's within the same time frame as the previous five

working days excluding Saturday, Sunday, previous curtailment periods and Company observed holidays.

SPECIAL CONDITIONS:

1. **Notice for Curtailment:** Notification is limited to the use of the following devices: Alphanumeric pager (must be compatible technology to the pager system used by OG&E), voice mail (able to receive an automated curtailment notice), or e-mail. Future notification by FAX may be provided at a future date. A customer can choose any or all notifications methods. These are the only means of notification that a customer will receive. It will be the customer's responsibility to keep any method of notification "current" either by supplying that updated information to the appropriate Company representative or by maintaining updated notification on the Company's approved website.
2. **Periods of Curtailment:** Periods of Curtailment shall be those times when the Company has called for Curtailed Load to be disconnected from the Company's lines. The Company is solely responsible for determining the need for load curtailment requests. The Periods of Curtailment may be called for duration not less than four (4) hours. Any period of curtailment shall not exceed eight (8) hours in length. Curtailment(s) may be required during any calendar month.
3. **Customer's Inappropriate Actions:** If it is determined at any time by the Company that the customer is manipulating the rider so as to reduce the benefit expected by the Company, the customer is in default and will be removed from this rider without penalty to the Company.
4. **Equipment:** The Company will install, own, and maintain special metering equipment required for this service. In circumstances where an unusually large metering investment is necessary, the Company, at its option, may require a prepayment from the customer to cover such investment. In the event the Company is unable to acquire and install the necessary metering equipment, the customer shall be served under this rider but the Company reserves the right to inspect, check, or test (1) the customer's ability to curtail, and/or (2) their actual performance under any period of curtailment.
5. **Restriction:** This rider is not available to customers being served under the Curtailment Rider (CR-1) or the Interruptible Rider (IR-1) Rider, Back-up Rider, or the Real-Time-Pricing Tariff.
