

Original Sheet No. 50.0

Replacing _____ Sheet No. _____

OKLAHOMA GAS AND ELECTRIC COMPANY

Name of Company

Kind of Service: Electric

Class of Service: All

Part I. Schedule No.

Title: Standard Rate Schedule for Cogeneration and Small Power Production of 100 kW or Less

ARKANSAS PUBLIC SERVICE COMMISSION
APPROVED
June 17, 2011 ORDER #6 10-067-U

PSC File Mark Only

EFFECTIVE IN: All territory served.

AVAILABILITY: Available to Producers which:

1. Are certified as a "Qualifying Facility" by FERC, and
2. Employ equipment compatible with the particular line segment of the Company; and
3. Sign a Purchase Agreement with the Company (located in the Terms and Conditions of purchase).
4. Have a maximum rated capacity of 100 kW or less.

PURCHASE OPTION: Producer shall have the option of selling:

1. Gross production of energy from the generating unit, or
2. Net production of energy after using for own load.

PURCHASE RATE: Per kWh purchase rates are calculated as follows, utilizing to the most recent avoided cost filing by the Company pursuant to Section 3.2(b) of the Commission's Cogeneration Rules as a part of Docket No. 81-071-F.

$$\text{Price}_{\text{Costing Period 1}} = \text{EAE}_{\text{Costing Period 1}} + \text{APCC} / (\text{Hours}_{\text{Costing Period 1}})$$

$$\text{Price}_{\text{Costing Period 2}} = \text{EAE}_{\text{Costing Period 2}}$$

$Price_{\text{Costing Period 1}}$ = The price for all kWh produced and purchased by the Company during Costing Period 1 as defined within the avoided cost filing.

$Price_{\text{Costing Period 2}}$ = The price for all kWh produced and purchased by the Company during Costing Period 2 as defined within the avoided cost filing.

$EAE_{\text{Costing Period 1}}$ = The Estimated Avoided Energy Cost from the avoided cost filing for Costing Period 1.

$EAE_{\text{Costing Period 2}}$ = The Estimated Avoided Energy Cost from the avoided cost filing for Costing Period 1.

APCC = The Annualized Planned Capacity Costs from the avoided cost filing.

$Hours_{\text{Costing Period 1}}$ = The number of hours included in the Costing Period 1 as defined within the avoided cost filing.

TERM: Contracts under this schedule shall be for not less than one year, but longer contracts may be necessary due to special circumstances.

DESIGN, OPERATION AND MAINTENANCE DATA: In addition to the requirements of the Terms and Conditions of Purchase the Producer shall maintain (1) a diary of the facility including installation date, date and nature of any changes, non-routine maintenance and repair, and date and reason for any extended periods of non-generation, and (2) such other information as is reasonably necessary to evaluate the facility and its potential impact on the electrical system. The Producer will make such records available to the Company and to the Commission.
