# Purpose of the RFP and Technical Conference

## RFP

The purpose of this RFP is to seek proposals for Railroad Transportation defined below.

**Contract Term:** January 1, 2024, through December 31, 2028

***Each bidder must bid individual Plants before any combination will be evaluated.***

**Minimum Annual Volume:** None. OG&E will not accept proposals that include a minimum volume.

**Rates:** Through-rate, plus any applicable variable adjustments (AILF; FSC)

**Train Size:** 150 Car Unit Train Maximum for Sooner Power Plant  
135 Car Unit Train Maximum for Muskogee Power Plant  
115 Car Unit Train Maximum for River Valley Power Plant

**Origin:** Any carrier served PRB mines in Wyoming and Montana (as applicable)

**Destination:** Sooner Power Plant at Red Rock, Oklahoma  
Muskogee Power Plant at Ft. Gibson, Oklahoma  
River Valley Power Plant at Bonanza, Oklahoma (KCS Railway)

**Railcar Supply:** Shipper provided aluminum gondolas

# Confidentiality

Bids submitted in response to this RFP, and any contracts resulting from this RFP, will be treated as confidential. Nonetheless, Bidders should be aware that information received in response to the RFP may be subject to review by applicable regulatory agencies. Information submitted in response to the RFP may become subject to federal or state laws pertaining to public access to information as a result of any reviews conducted by the Oklahoma Corporation Commission (“OCC”), the Arkansas Public Service Commission (“APSC”), and the Federal Energy Regulatory Commission (“FERC”). As such, Bidders should clearly designate all sensitive information as “Confidential.” Except as required by regulatory reviews, OG&E will use reasonable efforts to avoid disclosure of such confidential information to persons other than those involved with the evaluation, selection and any subsequent negotiations.
