

Notice: Status of OG&E's 2018 Resource RFP Nov. 16

The evaluation process, described in Section 3 beginning on page 9 of the 2018 Request for Proposal for Capacity, is complete. OG&E will now contact bidder(s) to begin discussions of legal issues, beginning with those bidders who are ranked highest as a result of the evaluation. If, based on the criteria established in the RFP, OG&E determines an offer is undesirable then the next bidder will be contacted for discussions. OG&E continues with the goal of completing negotiations by November 20, 2018. Per the Oklahoma Corporation Commission Competitive Procurement Rules, OG&E will submit its decision concerning the successful bid(s) with the Commission and provide a copy of such submission to all bidders.
