

STANDARD PRICING SCHEDULE: LM
MUNICIPAL ROADWAY AND AREA LIGHTING (CLOSED)

STATE OF OKLAHOMA
Code No. 01

EFFECTIVE IN: Any community served retail by the Company.

AVAILABILITY: This tariff is not available for new subscription or new installations. This rate is available to municipalities (including municipal trusts) for year-round dusk-to-dawn outdoor lighting service which is billed to and paid by the municipality for lighting highways, streets, other public thoroughfares, and municipal park areas, but not including athletic fields or swimming pools.

APPLICATION OF FUEL COST ADJUSTMENT (FCA): The FCA_s and FCA_w as defined in the FCA rider shall apply to the energy components within this tariff as follows: The FCA_s shall apply to kWh sales during the five revenue months of June through October; and, the FCA_w shall apply to kWh sales during the seven revenue months of November through May.

A. **BASE CHARGE:** The monthly rate for each lighting unit installed on an existing pole or structure is as follows:

Filament Lamps						
LM Code	Lumens	Specification	Percentage of Lighting Investment Provided by Company		kWh	Watts
			100%	None

Miscellaneous Facilities				
LM Code	Length	Specification	Percentage of Pole Investment Provided by Company	
			100%	None
MF1		Break-away Base	\$5.12	\$0.40
MF2	80'	Metal pole with lowering ring	N/A	\$6.54

Overhead wiring is considered a span of 150 feet or less.

LM Code	Specification
UG	Underground wiring will be available at the above rate plus \$6.34 per month where the amount of required buried cable does not exceed, on the average, 150 feet per pole. An amount payable in advance and without right of refund shall be charged equal to the average installed cost per foot of buried cable times the footage in excess of 150 feet per pole.
HSP	If a hand-set pole is required due to the inaccessibility of the pole location, an additional charge of \$426.23 will be required. This additional charge will only cover labor items, not material.
TR	If any additional trenching is required, due to the hand-set pole, the price will be \$3.47 per foot plus applicable material charges. These charges shall be paid to the Company in advance of construction and without the right of refund. If the Company's portion of investment in the lighting system for new installations is different from that specified above, the rate for such service shall be the amount "G" as calculated in accordance with the following formula:

$$G = A - (D \times C)$$

Where: G = Adjusted monthly rate per unit.

A = Amount of monthly rate per unit as set out above for 100 percent Company investment.

D = Difference between monthly rate per unit for 100 percent Company investment and monthly rate per unit for no Company investment.

C = Percentage of investment in the lighting system which Company does not provide.

C. ORNAMENTAL TYPE LIGHTING FIXTURES: The following standard ornamental or decorative types of lighting fixtures are offered by the Company to supply lighting for specific applications:

Ornamental Lighting						
LM Code	Lumens	Specification	Percentage of Lighting Investment Provided by Company		kWh	Watts
			100%	None		
O1	9,500	High pressure sodium contemporary post top luminaire on 19' steel pole (per OGE standard D540)	\$14.57	N/A	41	100
O2	25,000	High pressure sodium contemporary post top luminaire on 24' steel pole	\$22.53	N/A	107	250

Where the amount of required buried cable exceeds an average of 150 feet per fixture, an amount equal to the average installed cost per foot of buried cable times the footage in excess of 150 feet per fixture shall be paid to the Company in advance of construction and without the right of refund.

SPECIAL OR NON-STANDARD FACILITIES: Whenever the municipality requests the Company to install special or non-standard facilities hereunder and there is no engineering, construction, safety, legal or practical reason which would, in the Company's judgment, make such installation inadvisable, the Company will make such installation provided the municipality pays to the Company, in advance and without right of refund, an amount equal to the additional difference between the installed cost of the special or non-standard facilities and the installed cost of comparable standard facilities. The monthly rate shall be as stated above for the comparable standard facilities.

In lieu of such lump sum payment in advance and subject to approval by the Company, the municipality may elect to pay to the Company a monthly charge equal to 1.5 percent of the additional difference between the installed costs as stated above.

No discounts shall apply to the additional costs or charges for special or non-standard facilities.

A standard fixture shall mean those fixtures approved and shown in OG&E Construction Standards.

FRANCHISE PAYMENT: The above stated rates do not include any amount for franchise payments levied upon the Company by a municipality.

STANDARD PRICING SCHEDULE: LM
MUNICIPAL ROADWAY AND AREA LIGHTING (CLOSED)

STATE OF OKLAHOMA
Code No. 01

When a municipality, by a franchise or other ordinance approved by the qualified electors of the municipality, levies or imposes upon the Company franchise payments or fees (based upon a percent of gross revenues) to be paid by the Company to the municipality, such franchise payment will be added as a percentage of charges for electric service to the bills of all customers receiving service from the Company within the corporate limits of the municipality exacting said payment.

INSTALLATION OF UNITS: Adequate clearance for the necessary lines shall be arranged for by the municipality.

When the Company is required to install additional lights at a location which is more than 600 feet from an existing suitable source of power supply of secondary voltage (overhead or underground), the municipality shall pay to the Company the additional cost of the extension over 600 feet, by either method 2, or 3, shown below.

Where underground service is installed and trenching is not normal, i.e., paving must be broken and replaced or boring is required or other trenching obstructions such as rock, etc., are encountered, the municipality shall pay the additional cost of trenching involved above the cost of normal trenching by any of the following three methods:

- 1) The municipality shall perform all difficult trenching, break paving, bore under obstructions, install duct furnished by the Company, backfill and replace the paving to the mutual satisfaction of all parties concerned.
- 2) The municipality shall pay to the Company in advance and without right of refund an amount equal to the additional cost of construction.
- 3) The municipality shall pay an additional monthly charge equal to 1.5 percent times the additional cost of construction.

When the Company is required by the municipality to replace or remove a lighting system prior to the end of the economic life of the system, the municipality shall pay to the Company an amount equal to the unused portion of the economic life of the system. This payment shall not be required if the replacement system is in accordance with the Standard Replacement Guide designated by the Company.

BURNING SCHEDULE: The standard schedule shall be for dusk-to-dawn service and shall include approximately 4,200 hours of service per year. The Company will use reasonable care to maintain such service, but the Company will not be obligated to patrol to determine required lamp replacement or other maintenance of the facilities used for service under this schedule. Upon notification of any outage or required maintenance of such facilities, the Company shall be allowed a reasonable length of time to restore normal service during regular working hours.

OPERATION AND MAINTENANCE:

Company-Owned Systems: The Company shall own, operate, and maintain the entire lighting system including circuits, transformers, poles, and fixtures pursuant to the specifications contained in this schedule. The duty to maintain service as provided herein shall not include an obligation for the Company to patrol for required lamp replacement or other maintenance of facilities used to provide service under this schedule. The Company’s obligation to replace lamps or conduct other required maintenance of streetlight facilities shall not arise until the Company has received written notification of such required lamp replacement or other maintenance. After such notice has been received by the Company, it shall have a reasonable amount of time to conduct such replacement, repair or other maintenance during normal working hours.

Municipally-Owned Systems: The Company will use reasonable care to maintain such service, but the Company will not be obligated to patrol to determine required lamp replacement or other maintenance of the facilities used for service under this schedule. Upon notification of any outage or required maintenance of such facilities, the Company shall be allowed a reasonable length of time to restore normal service during regular working hours.

In the event of damage to or destruction of property belonging to the municipality caused by highway accidents, obsolescence, storm damage or other similar causes; or where replacement of equipment belonging to the municipality other than as provided above is required; the Company may, at its option and after receipt of either a written or verbal request from the municipality, effect the necessary repairs

or replacement of the damaged equipment required to place the system in normal operation condition. Such repairs will be made with parts supplied by the municipality or, where applicable, with suitable standard items carried in Company stores. The municipality shall reimburse the Company for all direct and indirect costs or charges incurred by the Company for all materials and related items. All charges and payments hereunder shall be in addition to the monthly charge for normal maintenance and lighting service.

The Company shall not be required to accept for operation and maintenance a lighting system owned by the municipality if it is found by the Company to be unsafe, uneconomical to maintain, or not in keeping with good engineering practices.

LATE PAYMENT CHARGE: A late payment charge in an amount equal to 1.5 percent of the total balance for services and charges remaining unpaid on the due date stated on the bill shall be added to the amount due. The due date as stated on the bill shall be 20 days after the bill is issued.

SPECIAL CONDITIONS: In case lighting service is furnished to a municipality under conditions different than specified in this rate schedule, such service shall be under special contract which shall cover, in addition to the foregoing rates and provisions, such items and adjustments of special nature as are necessary to protect the investment of the Company and to define the rights of the parties.

Such special contract shall be approved by an order of the Oklahoma Corporation Commission in accordance with its Rules.

RIDERS: All applicable riders apply. Please refer to the Applicability section of individual Riders to determine if it is relevant to this Pricing Schedule.
