## Questions and Answers

### For Gas Transportation and Storage Services for OG&E Natural Gas Generation Facilities

#### Question #1

Please confirm that bidders should design for flow rates based on the “Maximum Hourly Quantities”, which may be 150% of the equivalent hourly rates based on the “Maximum Daily Quantity”?

Yes.

#### Question #2

Request hourly receipt and delivery data for McClain and Redbud for the last 2 years pursuant to Section B6 of the RFP.

*This will be emailed directly to any company that has signed a Confidentiality Agreement (Attachment 5 of OGE Gas Transportation RFP) and makes a formidable request.*

#### Question #3

Will OG&E accept hyperlinks to public information regarding the sections of the proposal content (e.g. financial stability links would point back to the investor section of website).

*It is acceptable to OG&E to accept hyperlinks to public information.*
