

**STANDARD PRICING SCHEDULE: REP
RENEWABLE ENERGY PROGRAM**

STATE OF OKLAHOMA

ANNUAL SUBSCRIPTION LEVELS AND PRICES:

Customers may elect to subscribe to one of the following levels.

2023 PRICING		
Level	Percent Of Annual kWh Usage	REC Price Per kWh
A	25%	\$0.0048 per kWh
B	50%	\$0.0043 per kWh
C	100%	\$0.0038 per kWh

Customers who subscribe to Level A or B will receive a fixed price per month based on their previous year's average monthly usage, or:

$$\text{Fixed Monthly Amount} = \text{Average Monthly usage} \times \text{REC } \$/\text{kWh}.$$

Customers who subscribe to Level C will be billed for their current month's usage at the posted price per kWh.

Non-residential customers who agree to a minimum annual purchase of at least 100 MWh may elect to subscribe at the following prices in 1 MWh increments.

2023 PRICING		
Level	Minimum Annual MWh Purchase	REC Price Per MWh
D	100	\$3.80 per MWh

Customers who subscribe to Level D will receive a fixed price per month based on their subscribed average monthly MWh, or:

$$\text{Fixed Monthly Amount} = \text{Subscribed Average Monthly MWh} \times \text{REC } \$/\text{MWh}.$$

The Renewable Energy Program kWh available for subscription in 2023 is 1,060,000,000 kWh.
