ATTIC INSULATION REBATE RULES AND GUIDELINES

REBATE DETAILS

- Rebate applies only to the upgrade of attic insulation.
- Rebates are limited to amount listed under section 4 of this form.
- Rebate will not exceed contractor invoice amount.
- Rebates are issued in the form of checks, not utility bill credits.
- Only one (1) rebate request per installation address.
- OG&E is not responsible for inaccurate information.
- Funding for this program is limited to funds' availability.

Qualifying attic insulation must have an invoice dated between January 1, 2021 through September 30, 2021. Completed rebate application and supporting documentation must be postmarked by September 30, 2021 to qualify for a 2021 rebate.

QUALIFYING CUSTOMERS

- This program is available only to OG&E residential customers who own or rent a permanent foundation, single family home.
- Multi-family structures do not qualify for this rebate.
- Program is available only to retro-fit (existing) homes built prior to 2015 with electric air conditioning.
- Program excludes new home residential construction, garages, sheds, workshops, and basements.

Alternate Rebate Recipient: Homeowner, landlord, or non-OG&E account holder to receive rebate check, as authorized by OG&E Customer in section 2.

Qualifying Rebate Recipient, which is a business, must provide a company W-9 to receive rebate check in the company name.

QUALIFYING INSTALLATION

- Attic insulation must be installed between conditioned (air conditioned living space below ceiling) and unconditioned areas (attic) to qualify.
- All insulation must be installed by a professional insulation company, to the manufacturer's specifications and meet all state and local codes and federal regulations.
- All insulation must be new materials and have R-value stated on the packaging material.
- Existing attic insulation must be less than 8 inches depth or R-23. Note: if existing insulation was removed, the remaining R-value should be 0 or reflect the number of inches of the remaining insulation.
- Total finished attic insulation must be greater than or equal to 13" in depth or R-38.

STANDARD DENSITY - Cellulose Insulation

Thickness (inches)	R-Value
0"	0
1"	3
8"	23
13"	38
