COOPER UFLD-S SMALL UTILITY FLOOD

Combining value and performance in a compact, robust design, the Cooper UFLD-S low wattage LED floodlight luminaire delivers superior uniformity and excellent illumination. The rugged, die-cast housing is IP66 rated for exceptional durability and long-term reliability. Available in several mounting configurations and weighing less than 14 pounds, this fixture provides design flexibility while simplifying installation. The UFLD-S Floodlight is pole mounted, making it ideal for all commercial, industrial, and residential low wattage floodlighting applications.

ACUITY AMERICAN COMPACT LED FLOODLIGHT

The ACP LED is a sustainable solution for floodlighting applications with energy savings exceeding 60% and expected service life over 20 years. By combining the robust mechanical design features with the optical expertise and permanence of glass, this luminaire is designed to excel at meeting the challenges associated with flooding.

Style: Flood

GE EVOLVE™ LED FLOOD MEDIUM LUMEN EFM1

The GE Evolve™ LED Medium Output Flood Light is a mid-lumen solution to efficiently illuminate building façade, flag poles, billboard signage and many more traditional flood applications. Designed to replace up to 250W HPS and 250-400W Metal Halide flood lights, the EFM1 provides significant operating cost benefits over the life of each fixture with reduced energy consumption and a long rated life that virtually eliminates ongoing maintenance expenses.

Style: Flood
Watts: 96
Lumens: 14600
Manufacturer: GE
OG&E Stock # 1082427

● LED02F

COOPER UFLD UTILITY FLOOD

Combining value and performance in a compact, robust design, the Cooper UFLD-S low wattage LED floodlight luminaire delivers superior uniformity and excellent illumination. The rugged, die-cast housing is IP66 rated for exceptional durability and long-term reliability. Available in several mounting configurations and weighing less than 14 pounds, this fixture provides design flexibility while simplifying installation. The UFLD-S Floodlight is pole mounted, making it ideal for all commercial, industrial, and residential low wattage floodlighting applications.

● LED04F

COOPER UFLD-L LARGE UTILITY FLOOD

The UFLD-L Large Utility Flood luminaire combines high-efficiency optics, superior thermal management and energy efficiency in a cost effective solution. The rugged, robust design incorporates a separate driver compartment for maximum heat dissipation to insure longevity of both the fixture and the LEDs.

Style: Flood
Watts: 297
Lumens: 37800
Manufacturer: GE
OG&E Stock # 1082429

- LED04F

GE EVOLVE™ LED FLOOD HIGH LUMEN EFH1

The GE Evolve™ LED High Output Flood Light is our brightest solution to efficiently illuminate building façade, flag poles, billboard signage and many more traditional flood applications. Designed to replace 250W-400W HPS and 400W-1000W Metal Halide flood lights, the EFH1 provides significant operating cost benefits over the life of each fixture with reduced energy consumption and a long rated life that virtually eliminates ongoing maintenance expenses.

STREET & AREA LIGHTS

ACUITY AMERICAN REVOLUTION FULL CUTOFF LED SERIES 247CL

The 247L's light engine offers excellent optical control and heat dissipation to give you a beautiful, efficient lighting source while preserving the life of the components. The surge protection device provides protection against electrical disturbances and the optional solid-state lighting photo control offers additional control to increase energy savings.
